YOUTH COMMISSION NEWS

MISSION

The Keene Youth Commission was established and charged with the responsibility for the coordination of all youth programming within the municipality to ensure that the youth are served with the best possible youth development.

Youth participating in Nordic skiing

Hello from the Keene Youth Commission

This is the first newsletter from the Keene Youth Commission. We've accomplished a lot over the last year despite the challenges of COVID and wanted to reflect on our activities as well as provide updates on upcoming events.

While COVID created challenges for engaging KYC managed to still offer Capture the Flag at Marcy Field, summer camp, fall soccer, Halloween festivities, winter basketball, Nordic and Alpine skiing, open gym and ice skating. **NEW** for this spring is a dance & movement class in collaboration with the *Lake Placid Center for the Arts*. We plan on offering more arts programming.

We will be offering t-ball and baseball this spring **if we have coaches**.
