Supervisor's Report: None

Audit Bills:

Resolution to audit Vouchers #2023- through #2023-

Hurricane Road County Road 13 - ¼ mile from intersection with Route 9N - culvert undermined, section of road shoulder missing both sides of road. After investigation work, we feel we can open the road back up to one lane traffic. Repairs to bring road back to two lanes need to wait while the County looks for funding and design a solution that can withstand the high flow during storms. This is a repeat problem area and needs a permanent solution rather than another quick fix.
